## Word Explanation

**CE:** Casual Engine

**Microsoft .NET Framework:** It is the platform for new kind of software to run on. It is the heart of Windows operating system.

# Parameter

**Fee:** 0.00 US dollar. This software is totally free for enterprises and individuals. Besides, it is free for governments, charities, hospitals, universities and other organizations. Vitally, you can directly copy and include it in your commercial products and services for free. You just need to provide a link to this Website. The URL is:

**<http://www.casualengine.com/>**

**Version:** 1.0

**Operating System:** It does not support Linux. It supports:

Windows 7/Vista/XP/2000/98. Vitally, it supports Windows Server 2008/2003/2000 and their R2 editions.

**CPU:** 400MHz. You can definitely run this software if your computer can start.

**RAM:** 10MB.

**Hard Disk:** 20KB. You do not have to worry about the hard disk at all.

# Installation

Notice that this software requires *Microsoft .NET Framework 2.0 and SP2*. You have to install them first.

To see whether your computer has already installed this platform. You can check your computer. **C:\WINDOWS\Microsoft.NET\Framework**

You can see the folder: **v2.0.50727**. If you cannot find it, you have to go to Microsoft Download Center to download and install them.

| Download Size:  | 23.8 MB - 122.3 MB* |

\*Download size depends on selected download components.

**Change Language:** English

**Overview**  
The .NET Framework 2.0 Service Pack 2 provides cumulative roll-up updates for customer reported issues found after the release of the .NET Framework 2.0. In addition, this release provides performance improvements, and prerequisite feature support for the .NET Framework 3.5 Service Pack 1.

Please review the supported operating systems for this deployment package in the System Requirements section. The corresponding updates for Windows Vista and Microsoft Windows 2008 are deployed via the full .NET Framework 3.5 service pack 1.

[Top of page](#)

**System Requirements**

- **Supported Operating Systems:** Windows Server 2003; Windows XP
- **Processor:** 400 MHz Pentium processor or equivalent (Minimum); 1GHz Pentium processor or equivalent (Recommended)
- **RAM:** 96 MB (Minimum); 256 MB (Recommended)

Then, you have to download its SP2: *Microsoft .NET Framework 2.0 Service Pack 2*. The URL is:  
<http://www.microsoft.com/downloads/details.aspx?FamilyID=5b2c0358-915b-4eb5-9b1d-10e506da9d0f&DisplayLang=en>

**Tip:** *Microsoft .NET Framework 2.0* and SP2 are extremely important for new kind of software. CE

strongly recommends you to save them in your flash drive and portable hard disk. You do not have to access the Internet and download them repeatedly, if you use other computers. Many computers have not yet installed them by default.

After installation of the *Microsoft .NET Framework 2.0 SP2* platform, you can unpack the .zip file and open the folder. It has two editions: *USB* and *Installation*.

The USB edition does not require installation at all. You can simply click **CE Cover.exe** to run this software. It does not write data into Windows Registry or hard disk at all. It just runs on the memory temporarily. Besides, after closing the software, it will be totally removed from your computer.

It supports 32 and 64 bit systems at the same time.

It does not contain icons. Therefore, it uses the default icon of *Windows* operating system. Indeed, it looks ugly. You should complain about Microsoft Corporation. Note that it is not virus. You should not mistake it later. You should save it in your flash drive or portable hard disk.

The USB edition is quite useful if you use other people's computers. It is impolite to install software in computers of your friends. Similarly, you may not be allowed to install any software in office or other public computers, because these computers have been locked. You can still use this software if you use the USB edition. Definitely, to use this software, you have to persuade the owners to install the *Microsoft .NET Framework 2.0 SP2* platform first.

Definitely, you can install the software directly, if you are using your own computer.

Then, you have to choose the system first. x86 means 32 bit while x64 means 64 bit.

For example, you can click **Setup86.msi** to install it if your computer is 32 bit.

This is the wizard of installation. Click "Next" button.

Usually, you do not have to change the folder. Besides, everyone can use it by default. Click "Next" button again.

Finally, you can click "Next" button to start installation.

After installation, you can close this wizard. It has been installed in your computer successfully. You can start the software on [Start] menu.

# Preface

You may like putting files on the computer desktop directly. It is convenient to find and open them. Besides, your desktop may have many icons of programs. Sometimes, your colleagues may have to use your computer temporarily, when are in office. In this case, you do not want them to open your files on desktop. They may have sensitive data. Besides, you will worry about that they could edit your contents mistakenly.

You can move the files and icons into a folder, when they are using your computer. After finish, you can move files back to the desktop. Definitely, it is quite troublesome.

Therefore, CE Cover™ helps you solve this problem. It can cover your files on desktop. Your files cannot be seen with ease.

# Start

The default location of CE Cover™ is in upper-left corner of the desktop. You can drag the windows through your mouse. Besides, you can change the size.

Note that CE Cover™ supports multiple windows. You can cover many files, if they are not in the same areas of the desktop.

**Tip:** You maximize the window.

For example, there are two files on the desktop.

Then, you can move the window over them.

Finally, you can press **<Ctrl+T>** key to hide the title bar. After that, the window is fixed and cannot be moved. As a result, you can over your files on desktop.

**Tip:** The location is a little upper after disappearance of the title, because the window has to pad the space of title bar.

To hide your files on the desktop, you need to change the wallpaper. This package of software has the "Hide.png" image inside. You can directly put it in:

**C:\Windows\Web\Wallpaper\**

Then, choose it as the wallpaper of your desktop.

Finally, you can change the wall paper of your desktop.

Now, you can cover the files again. In this case, other people can hardly see your files.

**Tip:** After hiding the window, you can click the “Desktop” icon to see the files directly.

To see your files again, you can simply click the “Desktop” icon on taskbar. Alternatively, you can press **<Win+D>** key.

Alternatively, you can simply maximize the window, if you want to hide the whole desktop, except the taskbar.

# Quit

To close the window and exit the program, you can press **<Alt+F4>** key directly. you have to press **<Ctrl+T>** key again to make the title bar appear first. Then, you can click the "Close" button directly.

# Shortcut Key

You can press shortcut keys on your keyboard. Combination keys mean that you keep pressing the first key and then press the second key. For example. **<Ctrl+A>**: Keep pressing **<Ctrl>** key and then press **<A>** key.

**<Ctrl+T>**: To hide the title bar and fix the location and size of the window.

**<Ctrl+F4>**: Close the window and exit the program.

# Security

CE Cover™ is secure software:

It does not contain any virus, spyware, adware or advertisement. It is clean and pure software.

It does not contain any ActiveX, BHO, toolbar, or other plug-in.

It does not change the homepage or adds contents inside your browser.

It does not use third-party components. All the functions come from original codes.

It is totally offline. Anyway, it will not access the Internet for registration, verification, update, upgrade, error report or other purposes.

It does not run automatically after you start the computer.

It locks itself when running. Virus or hackers cannot use it to attack the computer.

You can install the software (Installation Edition). Definitely, it has to write basic data in the Windows Registry and hard disk. However, the data will be totally removed from Registry and hard disk after uninstallation.

# Quality

CE Cover™ is high quality software:

It does not have any bug, error or loophole. From programming to testing, it has strict quality control. It uses C# 2.0 as the programming language to guarantee the security of memory when the software is running. It will never cause *Memory Leak*.

It works stably. It runs without collapse even you start, close, and create snapshots frequently.

It works on the background, and does not influence Web pages and other programs at all.

Its interface has been designed carefully. The operating system cannot be hurt even users operate this editor mistakenly and blindly.

It requires a little resources of CPU and memory..

## FAQ

**Q: Can CE Cover™ cover files permanently?**

**A:** No. CE Cover™ can only cover or hide your desktop temporarily. It is a fast method to hide your files. It will not remember your settings or run automatically. Therefore, it is only suitable for temporary use.

# Terms of Use

## **CE Cover™ END-USER LICENSE AGREEMENT**

**By using this software, you are agreeing to the terms of this license.**

This End-User License Agreement ("EULA") is a legal agreement between you (either an individual or a single entity) and the mentioned author (Casual Engine) of this Software for the software product identified above, which includes computer software and may include associated media, printed materials, and "online" or electronic documentation ("SOFTWARE PRODUCT"). By installing, copying, or otherwise using the SOFTWARE PRODUCT, you agree to be bounded by the terms of this EULA. If you do not agree to the terms of this EULA, do not install or use the SOFTWARE PRODUCT.

All versions of the SOFTWARE PRODUCT are protected by copyright laws and international copyright treaties, as well as other intellectual property laws and treaties. The sole property belongs to Casual Engine. The SOFTWARE PRODUCT may not be sold in any manner not described herein without the prior written consent of Casual Engine.

### **1. GRANT OF LICENSE.**

This EULA grants you the following rights:

#### License to.

The SOFTWARE PRODUCT license to enterprises and individuals for commercial and non-commercial purposes in business, commercial and non-commercial environment.

#### Installation and Use.

You may install and use an unlimited number of copies of the SOFTWARE PRODUCT.

#### Reproduction and Distribution.

You may reproduce and distribute an unlimited number of copies of the SOFTWARE PRODUCT;

provided that each copy shall be a true and complete copy, including all copyright and trademark notices, and shall be accompanied by a copy of this EULA. Copies of the SOFTWARE PRODUCT may be distributed as a standalone product or included with your own product as long as The SOFTWARE PRODUCT is not sold or included in a product or package that intends to receive benefits through the inclusion of the SOFTWARE PRODUCT. The SOFTWARE PRODUCT may be included in any free or profit packages, services or products.

## **2. DESCRIPTION OF OTHER RIGHTS AND LIMITATIONS.**

### Reverse Engineering, Decompilation, Disassembly and Modification.

You may not reverse engineer, decompile, or disassemble the SOFTWARE PRODUCT and change (add, delete or modify) the resources of the compiled assembly, except and only to the extent that such activity is expressly permitted by applicable law notwithstanding this limitation.

### Separation of Components.

The SOFTWARE PRODUCT is licensed as a single and complete product. Its component parts may not be separated for use on more than one computer.

### Software Transfer.

You may permanently transfer all of your rights under this EULA, provided the recipient agrees to the terms of this EULA.

### Termination.

Without prejudice to any other rights, the Author of this Software may terminate this EULA if you fail to comply with the terms and conditions of this EULA. In such event, you must destroy all copies of the SOFTWARE PRODUCT and all of its component parts.

## **3. COPYRIGHT.**

All title and copyrights in and to the SOFTWARE PRODUCT(including but not limited to any images, photographs, animations, video, audio, music, text, and "applets" incorporated into the SOFTWARE PRODUCT), the accompanying printed materials, and any copies of the SOFTWARE PRODUCT are owned by the Author of this Software.

#### **4. LIMITED WARRANTY.**

##### NO WARRANTIES.

The Author of this Software expressly disclaims any warranty for the SOFTWARE PRODUCT. The SOFTWARE PRODUCT and any related documentation is provided "as is" without warranty of any kind, either express or implied, including, without limitation, the implied warranties or merchantability, fitness for a particular purpose, or non-infringement. The entire risk arising out of use or performance of the SOFTWARE PRODUCT remains with you.

##### NO LIABILITY FOR DAMAGES.

In no event shall the author of this Software be liable for any special, consequential, incidental or indirect damages whatsoever (including, without limitation, damages for loss of business profits, business interruption, loss of business information, or any other pecuniary loss) arising out of the use of or inability to use this product, even if the Author of this Software is aware of the possibility of such damages and known defects.
