## Power Tips

Hitting Escape will dismiss an active popover.

Command-F will open Search.  
It will also close Search if a search is active.

**Double-click the zoom slider to instantly go to the actual size.**

Right-click is awesome. Use it in the Organizer, on figures, in gallery windows, the Library, everywhere!

Choose Help > Curio Keyboard Shortcuts to see lots of awesome shortcuts!

Option-click the Projects toolbar button to bypass the gallery and quickly open an existing project.
