License conditions

You may install the file 'Matrix.dll', for the purposes of software development on one computer only. You may incorporate the dll into any number of derivative products but as a development platform the dll must reside on one computer. You may make one or more backups of the dll.

The vendor of this software makes no warranty that the software is free from defects or that it is suitable for any particular purpose – although efforts have been made to ensure that it is so. It is the user's responsibility to verify the accuracy of the software and the calculations performed, for any particular task.

The use of this dll is governed by English law.
